Congratulation on the occasion of Barbados Independence Day 2020

Honorable dignitaries,

I take great pleasure in congratulating the government and the people of Barbados, on the occasion of the 54th anniversary of the Independence of Barbados.

This year's anniversary theme "Standing Together, Renewing Hope" reflects the spirit of the government and the people of Barbados perfectly, noting that the anniversary finds the country in the midst of a testing period which has been faced with discipline, resolve, solidarity and vision.

I take this opportunity to express my deep appreciation for the great achievements and outstanding leadership of The Hon. Prime Minister Ms. Mia Amor Mottley, QC, MP, EGH, OR, who has guided Barbados through a challenging period of time, since she assumed her office in May 2018.

In my function as Honorary Consul General of Barbados in Germany, I join the government and people of Barbados in celebrating this occasion, and assure you of my continued support and that of the people of Germany in our efforts towards the sustainable development of the country.

May god bless our beautiful Barbados!

Kind regards,

Regine Sixt
